

Cabinet Resolution No. (12) of 2021
Concerning the Fees of Services Provided by the Ministry of Energy and
Infrastructure

The Cabinet:

- Having reviewed the Constitution; and
- Federal Law No. (1) of 1972, On the Jurisdictions of Ministries and the Powers of Ministers, as amended; and
- Federal Law No. (26) of 1981, On the Maritime Commercial Law, as amended; and
- Federal Law No. (9) of 2011, On the Land Transport, as amended; and
- Federal Law No. (14) of 2016, On the Administrative Violations and Sanctions in the Federal Government; and
- Federal Law No (14) of 2017, On Petroleum Products Trading; and
- Federal Decree-Law No. (26) of 2019, On Public Finance; and
- Cabinet Resolution No. (27) of 2005, Concerning the Fees for Services Provided by Department for Maritime Transport Affairs at the Ministry of Transport; and
- Cabinet Resolution No. (17) of 2010, Concerning Regulating the Use of Federal Roads and Facilities; and
- Cabinet Resolution No. (28) of 2012, Concerning the Federal Fees and Fines for Services of the State Land Transport; and
- Cabinet Resolution No. (7) of 2013, Concerning the Fees of Selling Geological Reports, Publications and Maps; and
- Cabinet Resolution No. (4) of 2015, Concerning the Fees for Services Provided by Ministry of Energy and Infrastructure, as amended; and
- Based upon the proposal submitted by the Minister of Finance and the Cabinet's approval,

Has resolved:

Article (1)

Definitions

In application of the provisions of this Resolution, the following words shall have the meanings assigned thereto, unless the context requires otherwise:

Uae	: United Arab Emirates.
Ministry	: Ministry of Energy & Infrastructure.
Minister	: Minister of Energy & Infrastructure.
Laboratory	: The laboratory of the Ministry that is competent to examine construction materials.
Register	: Any register that is established at the Ministry where the data of soil research providers, consultant, contractors or suppliers of construction works is recorded.
Federal Roads and Facilities	: Roads and facilities that are subject to the provisions of this Resolution and shall be determined subject to a resolution to be issued by the Minister.
National and Non-National Operating Licenses	: A license issued by the Ministry for the practice of land transport activity.
Operating License for National and Non-National Vehicles	: A document issued by the Ministry by which a land transport vehicle is authorised to work in the field of the licensed activity in the State.
Automobile and Touring Clubs	: The approved authority in the State to provide public services for car owners, such as CPD for private vehicles and IDL.
International Land Transport	: Any land transport on roads for persons or goods from and to the State by a land transport vehicle for a fare.
Insurer	: The authority established in the State subject to provisions of Federal Law No. (9) of 2012 on Land Transport which guarantees the payment of fees and taxes of national and

foreign carriers by virtue of the land transport cards issued thereby or by any similar authority of another State.

Local Agents : The natural or corporate persons appointed by the transport company, the international shipper or the exclusive agent authorised to appoint branch agent in the State.

Article (2)

Fees of Services

1. In consideration of the services provided by the Ministry that are shown in tables (1), (2), (3), (6) and (7) attached to this Resolution, the fees assigned thereto shall be collected.
2. A fee for ownership transfer of a national commercial vessel that is (6.5) Dirhams per (ton) of the gross tonnage of the vessel shall be collected, provided that the maximum fee shall not exceed (ten thousand Dirhams) and the minimum fee shall not be less than (200) Dirhams.
3. A fee for issuing a license for a pleasure ship owned by a foreigner that is (6.5) Dirhams per (ton) of the gross tonnage of the ship shall be collected. Besides, the renewal of this licenses shall for a fee that is (3) Dirhams per (ton) of the gross tonnage of the ship, provided that the fee shall not be less than (500) Dirhams.
4. Upon the issuance of each navigation licence for foreign vessels working in the regional waters of the State, a fee of (7) Dirhams per ton of the total recorded tonnage of the vessel shall be collected. Upon extending this license for a period that does not exceed a year, a fee of (5) Dirhams per ton of the total recorded tonnage of the vessel shall be collected. This is provided that the maximum fee is (150.000) Dirhams and minimum fee shall not be less than (500) Dirhams.
5. The Ministry shall collect fees for the international land transit that are (100) Dirhams in addition to (10) Dirhams per ton for each land transport movement that occurs upon the entrance of all national and foreign vehicles dedicated for transporting goods at the land ports of the State.
6. The Ministry shall collect fees for the international land transit that are (100) Dirhams in addition to (20) Dirhams per ton for each land transport movement that occurs upon the

entrance of all national and foreign vehicles dedicated for transporting passengers at the land ports of the State.

7. Fees of services stipulated in clauses from (204) to (268) shall not include the cost of packing, shipping or customs.

Article (3)

Administrative Penalties and Violations

1. The Ministry shall collect the administrative fines stipulated in table (4) attached to this Resolution.
2. The Ministry shall collect the administrative fines stipulated in table (5) attached to this Resolution for road obstructions and damages resulting from accidents and speed on federal roads.
3. The Ministry shall collect the following administrative fines:
 - a. An administrative fine of (100) one hundred Dirhams shall be imposed on soil research providers shall for each year where the renewal of registration at the register is delayed.
 - b. An administrative fine of (500) five hundred Dirhams shall be imposed on consultants, contractors and suppliers of construction works for each year where the renewal of registration at the register is delayed.
 - c. The fines aforementioned in Paragraphs (A) and (B) of this Article shall be collected, in addition to the fees to renew the registration as shown in the table attached to this Resolution, not exceeding three years. In case renewal of registration is delayed for more than such period, registration shall be cancelled.
 - d. For the purposes of calculating the fines stipulated in Paragraphs (A) and (B) of this Article, a part of a year shall be deemed a full year.
 - e. An administrative fine shall be imposed if a pleasure ship license (for a citizen or a foreigner) is not renewed within (60) sixty days as of the expiry date, with (50) Dirhams per month or part of month, provided that the maximum fine shall be (200) Dirhams.

- f. An administrative fine shall be imposed if a navigation license for a national commercial vessel is not renewed within (60) sixty days as of the expiry date, with (100) Dirhams per month or part of month, provided that the maximum fine shall be (1000) Dirhams.
 - g. An administrative fine shall be imposed if the minimum manning certificate for a national commercial vessel is not renewed within (60) sixty days as of the expiry date, with (50) Dirhams per month or part of month, provided that the maximum fine shall be (300) Dirhams.
 - h. An administrative fine shall be imposed if a navigation license for a national commercial vessel is not renewed within (60) sixty days as of the expiry date, with (50) Dirhams per month or part of month, provided that the maximum fine shall be (200) Dirhams.
4. Every relevant person may grieve in writing to the Ministry against any of the aforementioned administrative fines in this Resolution that is imposed on that person within (15) fifteen days from the date of notification of the grieved decision, provided that the grievance shall be justified, and all supporting documents are attached. Grievance shall be decided within (30) thirty days from the date of submission pursuant to procedures applicable in the Ministry.

Article (4)

Amendments of Fees and Fines

Cabinet shall be the competent authority to make any amendment on the administrative fees and fines stipulated in this Resolution, whether through addition, deletion or amendment.

Article (5)

Collection of Fees and Fines

Fees and fines stipulated in this Resolution shall be collected through the methods decided by the Ministry of Finance.

Article (6)

Bank Guarantee

Insurer, Automobile and touring clubs shall provide a bank guarantee of one million Dirhams in the name of the Ministry issued by one of the banks working in the State upon issuing a license to practice the activity of CPD for private vehicles, IDL, and permits for trucks and passengers buses to pass. Validity of the bank guarantee shall be unlimited, and it shall not be retrieved to the owner of the license unless after (90) days as of the cancellation date of the license.

Article (7)

Costs of Designing and Execution of Entrances of Private Investment Projects

The Ministry shall collect the costs of designing and execution of any permanent entrances of private investment projects on federal roads from the owners of those projects in addition to administrative, supervisory and maintenance expenses of (10%) of the cost value. Coordination shall be made between the Ministry and the Ministry of Finance to determine the method of collecting such costs from the entities owning such projects and the method to pay the dues of the entities performing designing and execution works.

Article (8)

Organising the Use of Federal Roads and Facilities

The Ministry shall have the sole right to use federal roads and facilities pursuant to provisions stipulated in this Resolution. The Ministry also shall be entitled to designate road reserve according to the requirements issued by the Minister in this respect.

Article (9)

1. Without prejudice to any other federal entity, the Ministry shall be competent to do the following:
 - a. Estimating and violations arising due to traffic accidents and speed on federal roads and the cost of repair.

- b. Determining the costs of removing and remedies the violations and obstructions violators do not remove or remedy upon discretion of the Ministry.
 - c. Performing necessary repairs to remedy the impacts of traffic accidents and amendments.
 - d. Removing the committed violations if the same are not removed within the period designated by the Ministry.
- 2. The Ministry shall inform the ones who violate the provisions of this resolution to pay the cost of the above-mentioned repair and removal works in addition to 15% as administrative and supervisory expenses and these shall be sent to the public treasury of the State.
- 3. The Minister or his delegate shall consider the grievance petitions submitted to the Ministry with respect to the stipulation of Paragraph (1) of this Article, provided that the suitable way to accept such grievances shall be determined within a month as of the notification date sent to the violators to pay the cost of repair and removal. Decisions of the Minister or his delegate shall be final for the grievances submitted in this respect.

Article (10)

Agencies that are authorised to work at the reserve of the federal roads and facilities shall provide financial guarantees determined by the Ministry as a guarantee for the commitment of such agencies to take care of technical and legal specifications of roads and to repair any damages that may occur to the road or its accessories. This shall be done by either of the following:

- a. Providing guarantees in the form of amounts of money to be deposited in cash at bank accounts determined by the Ministry of Finance for this purpose.
- b. Providing letters of credit issued by one of the banks working in the State, provided that such letters shall be unconditional, irrevocable and with the same amounts. This shall be pursuant to the requirements determined by the Ministry in coordination with the Ministry of Finance.

Article (11)

1. The Ministry shall be entitled to collect fees for publishing advertisements and media on federal roads and facilities, provided that such fees shall be in coordination with the Ministry of Finance and subject to requirements and executive regulation of this Resolution. A Cabinet resolution shall be issued to determine these fees based on the proposal of the Minister of Finance.
2. The Ministry shall be entitled to make contracts with specialized companies and corporations to grant them the right to use the federal roads and facilities through advertisements and media subject to the law of tenders or bids applicable in the Federal Government.

Article (12)

The Ministry shall be entitled to collect fees for the use of federal roads and facilities after coordination with the Ministry of Finance and Ministry of Interior. The Cabinet shall issue a resolution for such fees and schedules of collection based on the proposal of the Minister of Finance.

Article (13)

The Ministry may determine the speeds allowed on the federal roads and places of Radar installations in coordination with the Ministry of Interior, provided that all revenues of Radars fixed on federal roads shall go to the public treasury of the State.

Article (14)

Final Provisions

The Ministry's employees designated by a decision of the Minister of Justice in agreement with the Minister shall have the capacity of judicial officers for seizing and establishing violations subject to the provisions of this Resolution and the regulations and requirements issued in implementation hereof within their jurisdiction.

Article (15)

Executive Resolutions

1. The Minister shall issue the Resolutions necessary to apply the provisions of this Resolution.
2. The Minister shall designate the federal roads and facilities on which this Resolution shall be applicable.

Article (16)

Repeals

1. The following resolutions shall be repealed:
 - a. Cabinet Resolution No. (27) of 2005 Concerning the Fees for Services Provided by Department for Maritime Transport Affairs at the Ministry of Transport.
 - b. Cabinet Resolution No. (17) of 2010 on Regulating the Use of Federal Roads and Facilities.
 - c. Cabinet Resolution No. (28) of 2012 Regarding the Federal Fees and Fines for Services of the State Land Transport.
 - d. Cabinet Resolution No. (7) of 2013 Regarding the Fees of Selling Geographical and Geophysical Reports, Publications and Maps.
 - e. Cabinet Resolution No. (4) of 2015 Concerning the Fees for Services Provided by Ministry of Energy and Infrastructure, as amended.
 - f. Minister of Finance Resolution No. (268) of 2006.
 - g. Minister of Finance Resolution No. (108) of 2007.
2. Any provision that violates or contradicts this Resolution shall be repealed.

Article (17)

Publication and Enforcement

This Resolution shall be published in the Official Gazette and shall be enforced as of the day following the date of its publication.

Mohamed bin Rashid Al Maktoum

Prime Minister

Issued by Us:

Issued on: 11 Jumada II, 1442 AH

Corresponding to: 24 January, 2021 AD

**Table (1) Attached to Cabinet Resolution No. (12) of 2021
Concerning the Fees for Services Provided by the Ministry of Energy and
Infrastructure**

SN.	Service Description	Service fees in Dirhams
A. Laboratory tests and analyses:		
Aggregate		
1	Gradation test-dry	170
2	Gradation test-wet	130
3	Determining dust contents and folding - Sedimentation	75
4	Determining dust contents and folding - washing	80
5	Determining sieve elongation ratio.	130
6	Determining ratio of chips (thickness).	1001
7	Angle Test.	120
8	Determining the relative density.	110
9	Determining total density – Compressed.	60
10	Determining total density – uncompressed.	50
11	Moisture content test	30
12	Determining percentage of water absorption.	50
13	Soundness of Aggregate test	350
14	Percent Fractured Face Test - Dry.	120
15	Test value (10%) of fine aggregate.	120
16	Impact Crash Value Test	90
17	Los Angeles Test.	250
18	Acid extraction method for sulphur content test.	160
19	Acid extraction method for chloride content test.	140

20	Organic impurities in fine aggregate test.	70
21	Determining the percentage of shells in marine sand.	70
22	Total aggregate crushing test for the surfaces.	150
23	Partial aggregate crushing test for the surfaces.	150
24	Determining the percentage of dissolved sulphate in water.	70
25	Determining the percentage of dissolved chloride in water.	70
26	Alkaline activity test.	300
Concrete Cube		
27	Pressure resistance test.	15
28	Dry concrete cube density test.	50
29	Density of a cube saturated with water and dried surface test.	30
30	Correlation between pressure resistance and Schmidt Hammer reading.	1001
31	Initial surface absorption test.	150
32	Concrete water absorption test for half an hour.	200
33	Water permeability in concrete test.	200
34	chlorination permeability in concrete test.	500
35	Submersion of cubes in the laboratory for (7) days.	5 for each cube
36	Submersion of cubes in the laboratory for (28) days.	10 for each cube
Concrete Core		
37	Drilling (50) mm of concrete sample at the construction site.	700
38	Drilling (75) mm of concrete sample at the construction site.	750
39	Drilling (100) mm of concrete sample at the construction site.	850
40	Drilling (150) mm of concrete sample at the construction site.	850

41	Drilling (50) mm of concrete sample at the laboratory.	120
42	Drilling (75) mm of concrete sample at the laboratory.	140
43	Drilling (100) mm of concrete sample at the laboratory.	170
44	Drilling (150) mm of concrete sample at the laboratory.	230
45	Determining percentage of water absorption.	80
46	Concrete compressive strength test.	1001
Pillar		
47	Bending strength test.	60
48	Fractured parts pressure resistance test.	20
Bricks		
49	Pressure resistance test.	35
50	Determining the percentage of chloride.	1001
51	Determining the percentage of sulphate.	1001
52	Pressure resistance test of concrete bricks.	30
53	Determining the volumetric density of concrete bricks.	35
54	Determining water absorption percentage of concrete bricks.	70
55	Determining the density ratio of concrete bricks.	30
56	Determining the moisture content of concrete bricks.	80
57	Determining the percentage of water absorption for bricks.	60
Concrete Tiles		
58	Concrete tiles bending strength test.	1001
59	Concrete tiles water absorption test.	120
60	Concrete tiles density test.	30
61	Determining concrete tiles weight.	20
Concrete Pavements		
62	Bending strength of concrete pavement edges test.	120
63	Water absorption for concrete pavement edges test.	1001
64	Density of concrete pavement edges test.	35

65	Determining the weight of concrete pavement edges.	20
66	Concrete pavement edge resistance test.	1001
Concrete		
67	Ultrasonic speed test at the construction site.	80 per hour
68	Iron detection test at the construction site.	80 per hour
69	Friction resistance test.	1.500 for every three samples
70	Breakout severity test.	35
71	Slump test of fresh concrete.	30
72	Determining Cement percentage of fresh concrete.	120
73	Fresh concrete mix design.	500 for each experiment
74	Determining the temperature of soft, non-hardened concrete.	15
75	Determining chloride content in hardened concrete.	140
76	Determining sulphate content in hardened concrete.	200
77	Determining the percentage of sodium and potassium oxide.	200
78	Determining the type of cement in concrete.	600
79	Determining the percentage of cement in concrete.	600
Water		
80	Determining the percentage of chlorides in water.	60
81	Determining the percentage of sulphur in water.	90
82	Determining the percentage of acidity of water.	50
83	Determining the percentage of dissolved substances in water.	60
Tiles		
84	Determining percentage of water absorption.	150
85	Determining the percentage of water absorption.	150
86	Determining percentage of fractional water absorption.	150

87	Dimensional testing.	50
88	Determining chemical resistance.	300
89	Tile bond strength test.	150
90	Determining heat resistance.	200
Soil		
91	Moisture content test.	50
92	Liquidity limit test.	90
93	Shrinkage test.	80
94	Plastic limit test.	60
95	Granules specific weight test.	60
96	Gradation test-wet.	130
97	Gradation test-dry.	110
98	Determining the dry density ratio and the moisture percentage with a (4.5) kg hammer.	220
99	Determining the dry density ratio and the moisture percentage with a (2.5) kg hammer.	250
1001	California test of the durability of sample submerged in water.	350
101	California test of the durability of non-submerged sample.	300
102	Determining soil density at the construction site.	80
103	Acid extraction method for sulphur content test.	160
104	Determining the percentage of organic matter.	70
105	Determining Acidity ratio.	60
106	Measuring the percentage of soil swelling after being submerged in water for (24) hours.	1001
107	Measuring the percentage of soil swelling after being submerged in water for (96) hours.	150
108	Manual vibrator test.	300
109	Determining the percentage of carbonate in soil.	130

110	Determining moisture percentage by calcium carbonate method.	60
111	Soil density test in the laboratory.	60
112	Maximum density test.	160
113	Finding the quantity of fine materials that are finer than a (75) micron sieve.	80
114	Acid extraction method for chloride content test.	140
115	Determining the volatile mass of soil after combustion.	1001
116	Soil strength test at construction site.	1.000
117	Determining the percentage of organic matter lost after combustion.	1001
Bitumen		
118	Determining the point of ductility.	140
119	Determining penetration rate.	120
120	Determining the specific density ratio.	140
121	Determining the percentage of solubility.	120
122	Determining the flash point.	140
123	Determining the water content.	120
124	Distillation test.	140
125	Determining the duration of drying.	150
126	Determining the percentage of solids.	150
127	Determining the colour.	150
Iron		
128	Tensile test.	200 for each sample
129	Re-bending test.	150
130	Bending test.	1001
131	Carbon detection test.	1001
132	Sulphur ratio detection test.	1001
133	Phosphorus ratio detection test.	1001

134	Determining the ratio of nitrogen.	1001
Pigments		
135	Determining the percentage of volatile and non-volatile substances.	150
136	Determining the abrasion resistance ratio.	250
137	Determining the cohesion ratio.	150
138	Determining the percentage of pigment.	150
139	Determining the percentage of specific density of pigments.	1001
Cement		
140	Determining the percentage of cement specific density.	1001
141	Determining the initial and final cement strength.	150
142	Concrete cubes compressive strength test.	350
143	Cement smoothness test.	120
144	Cement soundness test.	150
145	Determining the percentage of insoluble materials.	120
146	Determining the percentage of voids in the cement.	120
147	Determining the percentage of silicon dioxide.	1001
148	Determining the percentage of corundum.	1001
149	Determining the percentage of iron oxide	1001
150	Determining the percentage of calcium oxide.	1001
151	Determining the percentage of magnesium oxide.	1001
152	Determining the percentage of sodium oxide.	1001
153	Determining the percentage of potassium oxide.	1001
154	Determining the percentage of sulphur oxide.	1001
155	Stability test.	1001
156	Determining the specific density ratio.	1001
157	Determining the percentage of sulphur.	1001
158	Determining the density ratio.	200
159	Determining the percentage of chloride.	150

160	Determining the percentage of cement lost by combustion.	120
Mortar / Plaster		
161	Air content test.	60
162	Sample preparation for pressure resistance testing (cuboidal figure).	50 for each cube
163	Sample preparation for bending resistance test (prism figure).	55
164	Mortar bending resistance test.	25
165	Mortar pressure resistance test.	20
Waterproofing		
166	Reinforcement of waterproofing test.	200
167	Dimensional test of the waterproofing.	50
168	Determining waterproofing mass.	1001
169	Waterproofing tensile strength test.	200
170	Waterproofing elongation test.	200
171	Thermal resistance test at (100) °C, for 2 hours.	1001
172	Waterproofing thickness test.	1001
173	Determining the water absorption percentage of the waterproofing.	1001
174	Determining waterproofing density ratio.	60
175	Waterproofing Friction resistance test.	150
B. On-Site Test:		
176	The technician leaves the laboratory to the construction site for a distance of no more than 50 km away from the laboratory.	50 per hour
177	The technician leaves the laboratory to the construction site for a distance of more than 50 km away from the laboratory.	100 per hour

C. Copies of Project Layouts for Electrical Works:		
178	An electronic copy of the interior lighting layout.	200 per each layout
179	An electronic copy of the electrical power layout.	200 per each layout
180	An electronic copy of the general site layout for electrical works.	150 per each layout
181	An electronic copy of other electrical work layouts.	150 per each layout
D. Registration of Consultants, Contractors and Suppliers for Construction Works:		
182	Registration in the registry of consultants, contractors or suppliers for construction works.	500
183	Amendment of the registration in the registry of consultants, contractors or suppliers for construction works.	250
184	Registration in the registry of soil research contractors.	.500
185	Issuance of a certificate to whom it may concern as for the consultant, contractor or supplier for construction works.	1001
186	One-time registration in the Petroleum Products Trading Register.	500
187	Registration of the contractor for each housing project separately.	500
E. Re-Reviewing the Designs of Contractors and Sub-Contractors in Case of a Consultant Absence:		
188	Submission of designs for the second time for building implementation projects, building maintenance or additions.	500
189	Submission of designs for the second time for road construction or maintenance projects.	3.000

190	Submission of designs for the second time for construction projects which value does not exceed (50,000,000) fifty million Dirhams.	500
191	Submission of designs for the second time for construction projects which value exceeds (50,000,000) fifty million Dirhams, and is not more than (100,000,000) one hundred million Dirhams.	1.000
192	Submission of designs for the second time for construction projects which value exceeds (100,000,000) one hundred million Dirhams.	2.000
F. Supervising Construction Sites:		
193	Supervising construction sites off-duty hours.	250 per hour
G. Interviewing Engineers and Foremen:		
194	Interviewing the engineer or foremen nominated by the consultant supervising the construction project.	200
H. No Objection Certificates:		
195	Submission of an application to obtain or renew a NOC.	1001
196	Issuing a no-objection certificate.	1.000
I. Using Federal Road Exits and Entrances:		
197	Crusher entrance on first-class road.	200.000 per annum
198	Crusher entrance on second-class road.	100.000 per annum
199	Temporary entrance for a private investment project on first-class road.	15.000 per month
200	Temporary entrance for a private investment project on a second-class road.	10.000 per month
201	Entrance to gas stations and other service projects.	15.000 per annum
202	Putting up sign boards for private institutions wholly owned by the government on first-class road for each sign.	5.000 per annum

203	Putting up sign boards for private institutions wholly owned by the government on second-class road for each sign.	3.000 per annum
J. Selling Copies of Reports and Films:		
204	Reports and maps on airborne magnetic and gravity surveys for the lands of the State.	70.000
205	A report of the study of re-processing and interpretation of seismic lines for the Eastern Region of the Emirate of Abu Dhabi (UAE).	50.000
206	A report on the study of reprocessing and interpretation of deep seismic lines D1, D3, D4 in the Northern Emirates.	15.000
207	A film on the geology of the United Arab Emirates on DVD.	500
208	Reports on the airborne magnetic and radiological survey: (10) ten volumes and the attached maps.	30.000
209	Reports on Deep Seismic Survey across the Emirates Mountains: (3) three volumes (20 copies of seismic sections).	45.000
210	Reports on the Evolving Interpretation of the Deep Seismic Survey across the Emirates Mountains (4), four volumes.	35.000
K. Selling Copies of Publications of Geological Studies of State's Lands:		
211	Volume No. 1: Executive Summary (hard copy).	300
212	Volume No. 1: Executive Summary (digital / electronic version).	600
213	Volume No. 2: Geology (hard copy).	1.200
214	Volume No. 2: Geology (digital / electronic version).	2.400
215	Volume No. 3: Economic Geology (hard copy).	500
216	Volume No. 3: Economic Geology (digital / electronic version).	1.000
217	Volume No. 4: Geological Hazards (hard copy).	500

218	Volume No. 4: Geological Hazards (digital / electronic version).	1.000
219	Volume No. 5: Attachments (hard copy).	500
220	Volume No. 5: Attachments (digital / electronic version).	1.000
221	Volume No. 6: Geology of the Western Central Region (hard copy).	1.500

283	Issuance / renewal of a dredger pilot license.	300
284	Issuance / renewal of a maintenance engineer license.	300
285	Issuance / renewal of an electricity engineer license.	300
286	Issuance / renewal of a maintenance technician license.	200
287	Replacement of lost / damaged licenses of seamen.	1001
288	Certification of the marine work contract for the officer / engineer / seaman working on the high sea ships.	300
289	Certification of a cruise ship ownership transfer.	200
290	Issuance of a replacement for a lost or damaged cruise ship registration certificate owned by a citizen or for its navigation license.	1001
291	Registration of a pledge on citizen-owned cruise ship.	200
292	Cancellation of a pledge on citizen-owned cruise ship.	1001
293	Amendment of data registration certificate or license for a citizen-owned cruise ship.	50
50	Issuance of a replacement for a lost or damaged license for a foreign-owned cruise ship.	200
295	Amendment of the license data for a foreign-owned cruise ship.	1001
296	Issuance of a maritime passport.	300
297	Issuance of a replacement for a lost or damaged maritime passport.	300
298	Renewal or amendment of the maritime passport data.	200
299	Issuance / renewal of endorsement of competency certificate/ amendment of data / replacement for lost or damaged endorsement of competency certificate.	200
300	Certification and approval to work on board of certain types of ships in accordance with the STCW Convention.	350
301	Announcement permit in a newspaper.	1001

302	Cancellation of pledge registration on merchant ship.	300
303	Issuance of a navigation license replacement for a lost or damaged license of a national merchant ship.	200
304	Amendment of the data of a navigation registration or license certificate for a national merchant ship.	1001
305	Issuance of a replacement for a lost or damaged navigation license of a foreign ship operating in the State territorial sea.	300
306	Amendment of navigational license data of a foreign ship operating in the State territorial sea	200
307	Extension of exemption certificate.	200 for each year from the issue date
308	Issuance of a replacement for a lost or damaged write-off certificate for a commercial vessel with a total tonnage of (500) tons or more.	500
309	Issuance of a replacement for a lost or damaged certificate for a merchant ship with a total tonnage of less than (500) tons.	300
310	Issuance of a replacement for a lost or damaged sale contract of a merchant ship with a total tonnage of (500 tons) or more.	300
311	Issuance of a replacement for a lost or damaged sale contract for a merchant ship with a total tonnage of less than (500) tons.	200
312	Registration of the pledge on national merchant ship (per vessel).	2.500
313	Issuance of a replacement for a lost or damaged write-off certificate for a citizen-owned cruise ship.	1001

314	Issuance of no objection to a national or foreign ship for the following: - Departing for one trip (outside / inside) the State. or - Extending the stay of the ship for a period exceeding the permissible period.	200
315	Attestation of a maritime service certificate on a national ship.	1001
316	Renewal of Competency Certificate.	100 per year
317	Replacement for lost or damaged / modified data of competency certificate.	200
318	Renewal / replacement of a lost or damaged minimum safe manning document for a national commercial vessel.	300
319	Amendment of the minimum safe manning document data for a national commercial vessel.	200
320	Issuance / replacement of lost or damaged / modified Continuous Summary Record (CSR) data for a national commercial vessel.	500
321	Issuance of a Port Facility Compliance Statement.	1.000
322	Annual approval of the Port Facility Compliance Statement.	500
323	Replacement for lost or damaged data / data modifications - Port Facility Compliance Statement.	500
324	Issuance of a write-off certificate for a ship with a full tonnage (500 tons).	250
325	Issuance of a data certificate for a ship with a total tonnage (500 tons).	200
326	Certification of the sale contract of a ship with a total tonnage (500 tons).	250

327	Changing the name of a ship with a total tonnage (500 tons).	200
328	Extension of the temporary registration certificate for a ship of total tonnage (500 tons) or more.	500
329	Extension of the temporary registration certificate for a ship with a total tonnage of less than (500 tons).	200
330	Issuance of a certificate to whom it may concern.	50
331	Selling a copy of the State's maritime commercial law.	150
332	Approval of the extension of a safety certificate for a commercial vessel.	200
N. Annual license for specialized companies' accreditation:		
333	Inspection and maintenance of life boats and all safety equipment required to be available on ships (annually).	2.000
334	Inspection and maintenance of firefighting tools on ships (annually).	2.000
335	Non-classed inspection of ships (annually).	2.000
336	Pest control on ships (annually).	2.000
O. Technical report for a national or foreign ship:		
337	Technical report for a national ship with a total tonnage of (500) tons or more.	1.000
338	Technical report for a national ship with a gross tonnage of less than (500) tons.	500
339	Technical report for a foreign ship with a gross tonnage of (500) tons or more.	2.000
340	Technical report for a foreign ship with a gross tonnage of less than (500) tons.	1.000
Fees of Services for Land Transport Sector		
First: Operating Licenses and National Vehicle Operating Cards		
341	Issuance of temporary operating licenses, which are valid for three months.	500

342	Issuing permanent operating licenses; obtained for each activity, and is valid for one year, and can be renewed.	500
343	Renewal of permanent operating licenses, which are collected for each activity annually.	500
244	Issuing a national vehicle operating card for a single vehicle.	100 Dirhams in addition to 5 Dirhams for each seat for the vehicle intended to transport passengers and 10 Dirhams per ton for the gross tonnage of the vehicle intended to transport goods.
345	Renewal of the national vehicles operating card for one vehicle annually.	100 Dirhams in addition to 5 Dirhams for each seat for the vehicle intended to transport passengers and 10 Dirhams per ton for the gross tonnage of the vehicle intended to transport goods.
346	Issuance of a branch opening license.	500

347	Renewal of license to open branches annually.	500
348	Request to amend the data and information relevant to the operating license or the operating card for national vehicles.	1001
349	Suspension of the operating license or the operating card for vehicles for a period of three months.	1001
350	Reinstatement of suspended operational license or the operating card for vehicles.	1001
351	Cancellation / writing off of the operating license or the operating card for national vehicles.	1001
352	Transfer of ownership of the operating license for each activity.	500
353	Transfer of ownership of the operating card for national vehicles for each vehicle.	1001
354	Cancellation of a branch or agent.	500
355	Issuance of a replacement for lost / damaged operating licenses for each license, and for the operating card for national vehicles for each card.	1001
Second: The operating license and the non-national vehicle operating card that are made by local agents		
356	Issuance of the temporary operating license, which is valid for three months.	500
357	Issuing permanent operating licenses; obtained for each activity, and are valid for one year, and can be renewed.	500
358	Renewal of permanent operating licenses, which are collected for each activity annually.	500
359	Issuance of a non-national vehicle operating card for a single vehicle.	100 Dirhams in addition to 5 Dirhams for each seat for the vehicle

		intended to transport passengers and 10 Dirhams per ton for the gross tonnage of the vehicle intended to transport goods.
360	Renewal of the non-national vehicle operating card for one vehicle annually.	100 Dirhams in addition to 5 Dirhams for each seat for the vehicle intended to transport passengers and 10 Dirhams per ton for the gross tonnage of the vehicle intended to transport goods.
361	Issuance of a branch opening license.	500
362	Renewal of license to open branches annually.	500
363	Issuing licenses for local agents for non-national establishments within the State.	500
364	Renewal of the license of local agents for non-national establishments within the state annually.	500
365	Request to amend the data and information relevant to the operating license or the operating card for non-national vehicles.	1001
